PRODUCTS THAT GO FARTHER

American Industries Asphalt Manufacturing Facility
Jewett City, Connecticut

American Industries is a leader in paving projects throughout Connecticut including I-95, I-395 I-84, I-91 Rte. 2, Rte 9, and Rte 6 projects.

ASPHALT MIXER GREASE SEALS

These grease seals would be completely worn down and had to be changed twice/year after producing about 190,000 tons of asphalt using either **Chevron** or **Mobil 3% Moly**.

After switching to Schaeffer's **#274 Moly EP Synthetic Plus** grease, the seals were changed only once in a year producing 290,000 tons of asphalt. (The seal was less than half worn.)

Less down time resulted in Savings of over \$300,000.
That's Schaeffer's Customer Promised Experience goal.

OTHER SCHAEFFER PRODUCTS USED
#260 Pterma Moly (Dryer Tank), #281 Heat Transfer Oil, #227 Moly Roller Chain Spray Lube, #256 Citrol Degreaser (removes asphalt), #130 Penetrate penetrant
