Construction Industries Association

ADVANCING THE CONSTRUCTION INDUSTRY

Advocacy

CCIA advocates on behalf of the construction industry in support of infrastructure investment, jobs, and legislation benefiting the industry.

CCIA's advocacy includes:

- Federal and state legislative lobbying and monitoring.
- Representation before federal and state regulatory agencies.
- Opportunities for members to interact with federal and state lawmakers.

Shaping the Future of the Construction Industry

CCIA is the most comprehensive commercial construction trade association in Connecticut helping the industry **become smarter, safer, and more profitable**. CCIA represents the many sectors of the industry fostering cooperation as the groups work together to advance and shape the industry's future.

We serve our diverse member-base by:

- Advocating for infrastructure investment, local jobs, and legislation that benefits the industry.
- Organizing collective action and cooperation among nine unique divisions.
- Providing a wide range of services, activities, and programs that promote safety, workforce development, and business development.

About CCIA

With the oldest division operating for more than 85 years, CCIA brings together The Associated General Contractors of Connecticut, Inc.; Connecticut Road Builders Association, Inc.; Connecticut Ready Mixed Concrete Association, Inc.; Connecticut Environmental and Utilities Contractors Association, Inc.; Connecticut Asphalt and Aggregate Producers Association, Inc.; and others.

Today, CCIA is comprised of nearly 300 commercial construction companies. Members include; contractors, subcontractors, material producers, equipment and product suppliers, and professionals allied with the state's construction industry.

Shaping the Future of the Construction Industry

Industry Sector Divisions

Connecticut Road Builders Association

CRBA represents contractors, subcontractors, material suppliers, consulting engineers and professionals serving the heavy and highway construction industry. CRBA maintains close ties with the Connecticut Department of Transportation in all areas of interest to its members. CRBA is also an advocate for its members' interests at both state and federal levels and is the Connecticut chapter of the American Road and Transportation Builders Association, the national transportation construction industry trade association.

Connecticut Ready Mixed Concrete Association

The mission of CRMCA is to promote the use of ready mixed concrete products and construction technologies. CRMCA's Concrete Promotion Council conducts programs and exhibits for contractors and members of the design community. CRMCA also offers a concrete inspection certification program to ensure quality control for concrete products and applications. CRMCA works through the National Ready Mixed Concrete Association on federal and industry matters.

▶ Separate application and dues required.

Connecticut Asphalt and Aggregate Producers Association

CAAPA represents producers, contractors and suppliers of hot plant mixed asphalt pavements in the state. CAAPA supports its members' interests on technical issues and works to improve the quality of hot plant-mixed asphalt pavements and paving techniques used in the construction of roads, streets, highways, parking lots, airports, and environmental and recreational facilities. CAAPA works with the National Asphalt Pavement Association and is an advocate for its members' interests at the state and federal levels.

▶ Separate application and dues required.

Heavy and Highway

The CCIA Heavy and Highway Division represents heavy and highway contractors in labor relations matters, including negotiation of collective bargaining agreements, arbitration of grievances, and representation on jointly administered Taft-Hartley benefit funds.

Connecticut In-Plant Operators Association

The CCIA In-Plant Operators Association represents quarry operators and stone producers in labor relations matters, in addition to providing other association services. The In-Plant Operators Association also works through the National Stone Sand and Gravel Association on issues of national interest.

Equipment Dealers

CCIA's Equipment Dealers Division represents construction equipment dealers in labor relations matters, in addition to addressing other concerns that impact equipment dealers, such as taxation, diesel emission regulations, and promoting careers in the industry.

AGC/CCIA Building Contractors Labor Division of Connecticut

The Building Contractors Labor Division of Connecticut represents AGC/CT building contractors in all areas of labor relations, including negotiation of collective bargaining agreements, arbitration of grievances, and representation on jointly administered Taft-Hartley benefit funds. This Division comprises signatory contractors who have appointed the AGC/CT as their exclusive bargaining agent.
