Feature Presentations

Presentation by ConnDOT:

2019 Arthur Gruhn Excellence in Construction Awards

Guest Speaker: JOHN REILLY PE, CPENG.

President: John Reilly International, www.JohnReilly.us

MEGAPROJECTS – 50 YEARS, WHAT HAVE WE LEARNED

This presentation will address 50 years of mega-projects – what have we learned? – addressing processes and tools necessary for success. These include strategies, stakeholder and program management, team-alignment and partnering, alternative contracting and delivery methods, cost validation, probabilistic risk-based cost estimating and advanced risk management. Examples of current state of the art tools will be given, with reference to those used in John's current project – the Lima International Airport expansion and development program in Peru.
