**Preventing Underground Utility Strikes**

**Greg Ozark, Senior Construction Risk Control Specialist, The Travelers**

**William M. Petersen, CBYD Center Manager, Asplundh One Call**

Representatives of Travelers Construction Safety Academy and Call Before You Dig will discuss the prevention of underground utility damage during excavation activities, the different one-call services, state laws and regulations concerning excavation, the location of underground utilities and common ground. The focus will be on best practices and lessons learned from actual incidents. The program will also review claim mitigation of incidents and explain the claims process.

Management and job site supervisors at all levels, those in the planning and execution of underground utility construction work, contractors, safety directors, utility companies, municipalities, agency officials and others will have a unique opportunity to discuss issues facing the utility construction industry in Connecticut.
