Source: U.S. Treasury data compiled by ARTBA on 2/29/2024. The list includes projects that are partially or fully funded by state formula funds, the bridge formula program, or discretionary grants. A project is considered to be new if the base year of the commitment/obligation is in FY 2022 or FY 2023, as defined in the data. In some cases, a project may have received federal aid funds through obligation or spending in a previous year.
