Full job description

Location: Branford, CT

Project Locations : CT, RI, MA, NY, NJ, DE

Overview:

Atlas Companies is a leading Northeast perimeter barrier and security fence & guardrail contractor with an active and growing federal project pipeline, including an upcoming Amtrak fencing program in the Mid-Atlantic. We're looking for a

driven project manager to own it from day one. Clients include Major transportation, Energy, logistics, State, and Federal organizations.

Key Responsibilities:

- Develop and maintain **cost-loaded CPM schedules** using **Primavera P6**
- Manage **baseline schedule, updates, and critical path tracking**
- Coordinate project activities between **owners, contractors, consultants, and subcontractors**
- Manage and implement all project **submittals, project documentation/logs, RFI creation and response**
- Support **phasing plans and construction sequencing, daily progress reporting**
- Lead scheduling meetings, Daily/ Weekly progress updates, and client required reporting. Monthly billing and value reconciliation.
- Identify risks, delay, and proactively adjust schedules and quality control.
- Ability to travel 50–70% across CT, NY, NJ, PA, DE and New England required.

Qualifications

- 5+ years in **construction project management/ construction project engineering experience required. licensing Preferred but not required**
- Strong, Specification implementation. **Primavera P6 + CPM scheduling experience (required)**
- Experience with civil **phased construction projects**
- Knowledge of **submittals, RFI's, project controls, and safety controls**
- Strong communication and coordination skills

Preferred

- Experience with **commercial, infrastructure, or public sector projects**
- Familiarity with **Oracle Unifier or similar project management systems**
- PMP or equivalent certification

Competitive Salary, bonus, 401k available.

Apply now and include your resume and a brief note about your most relevant project.
