

Abatement/Remediation/Demolition Estimator

We are seeking an individual with a minimum of five (5) years' experience in estimating asbestos, lead and PCB abatement and removal projects as well as building demolition and interior strip out work. Knowledge of Connecticut, Massachusetts and Rhode Island Department of Public Health regulations is preferred. State licensed Designer or Asbestos Supervisor is also preferred. Background in estimating both interior work for re-occupancy, preparation for mass demolition, and exterior abatement of building materials and buried utility systems is preferred. Experience using Bid2Win, HeavyBid or similar estimating software is preferred. Individual must be detail oriented and have excellent communications skills. A four year degree in construction management or engineering is preferred. Candidates who possess previous work experience as an estimator and/or previous management of abatement projects will receive higher consideration. This is an exciting opportunity for the right individual to join a fast-paced, growth oriented company while working on high visibility projects. AA/EOE M/F/Disability/Vet
