

# THE CCIA SAFETY COMMITTEE Safety Roundtable

**Tuesday, June 11, 2024**

## Tool Tethering

Presented by: **Marco Rodriguez**, Northeast Safety Specialist - GC, Milwaukee Tool

Milwaukee Tool will present on the importance of tool tethering. We all know that “Struck By” is part of the Fatal Four in construction, which includes dropped objects. That being said, this training will review all aspects of drop prevention which includes tool tethering for power tools as well as hand tools. We will go in depth on how to properly tether the tool whether it be on a scaffold, anchor point, or person.

## Topic: Tool Tethering

### Upcoming Meetings/Events

- Tuesday, September 10, 2024  
Safety Alliance Conference
- Tuesday, October 8, 2024  
Safety Roundtable, Topic: TBD
- Tuesday, November 12, 2024  
Safety Roundtable, Topic: TBD
