Tour to start at 4:30 PM. Social to follow tour.

FEATURING • Project Tour • Salad and Pizza • Beverages • Networking Social

Project Tour: Quarry Operation

Presented by:
Tilcon CT

Tilcon Connecticut Inc. is in the process of building a new quarry operation in Plainville.

The site is currently in pre-construction phases of high-volume earth work, drilling & blasting, and site layout. During the visit we will have a contracted crushing operation, a load/haul package, and construction crews onsite.

The tour will view the life cycle of material from blasting to finish size stock piles that will supply a large amount of aggregate, asphalt, and concrete for the various construction projects in CT.

A CRH COMPANY
